Our teaching pays special attention to individual needs and we are proud to offer well maintained boats and equipment of high quality. Choosing West Coast its also choosing a training centre that cares about safety and that its above the legal requirements for teaching and charter.

The best international sailing and powerboat schemes are available here in Oeiras!

We also teach all the shorebased courses giving full theoretical support for the practical courses, from RYA Essential Navigation and Seamanship up to RYA Coastal Skipper/Yachtmaster shorebased. The shorebased courses are available both in the classroom and online (e-learning). We also offer specialist short courses like RYA VHF-SRC, RYA Professional Practises and Responsibilities, RYA First Aid and RYA Radar.
